Dear Licensees:

It's time to kick off another football season here in the great State of Alabama. From one end of the state to the other, season tickets are being bought and tailgate parties are being planned. No matter what team you cheer for, we should all work together to promote responsibility when it comes to consumption of alcoholic beverages. As suppliers, brokers, retailers and ABC Board employees, we play an important part in the battle against the abuse of alcohol products. Unified, we share a common objective of eliminating alcohol abuse, underage consumption and drunk driving. A variety of voices increases the chances of the message being heard. If you need information on, or help with improving skills in, legal-age determination and refusing sales, please contact our Responsible Vendor Program. They offer standardized training for the employees in sale and service of alcoholic beverages.

As we transition into Fall, we enter into a season of Thanksgiving and a time for reflection. As a consequence of the COVID-19 pandemic, global supply chains and shipments slowed, causing worldwide shortages and affecting consumer patterns. Although Alabama has fared better than most states during this slowdown, the ABC Board is doing everything in its power to mitigate the effects of the shortages and provide an essential service that you rely on. The Board and I are appreciative of your patience during this turbulent and trying year. We are grateful for your understanding and acknowledge your hard work and support, you are indispensable to our success, and we hope that the combination of our services and products are meeting your needs.

As always, customer service remains a top priority. You matter to us and we care about your needs. Please feel free to contact my office any time you have questions or need assistance.

Sincerely,

H.M. Gipson

Tequila Takes Off

Premiumization drives the agave spirit to new heights

BY ANDREW KAPLAN

Note: This excerpt is printed with permission from the Spring 2022 issue of StateWays—the Beverage Alcohol Merchandising Magazine for Control States.

There seems to be no stopping tequila or agave spirits in general, for that matter. Interest in the category and the resulting boom in sales continue to drive growth as consumers search for more premium offerings and look to broaden their drinking horizons to other agave-based beverages.

"Tequila is the number-one increasing category for us over the last five years," says Tom Agnes, liquor operations manager for Brooklyn Center Liquor in Brooklyn Center, Minnesota, a

city-operated, multi-unit chain. "A much bigger category is vodka, but from a percentage sales increase, tequila by far is beating any other category for us."

Daniel Grajewski, beverage director for the 50 Eggs Hospitality Group, agrees. "Really for the first time, there's starting to be competitors to vodka, and that is namely the agave category."

The category continued its growth spurt on the Drizly delivery platform in 2021, and the company believes the trend will likely accelerate in 2022. In fact, 80 percent of respondents in Drizly's annual retailer survey said they plan to carry more tequila in 2022.

"The category's ascent has been fueled by a convergence of many factors—and boosted during the pandemic," says Liz Paquette, Drizly's head of Consumer Insights. "Premiumization of the tequila category is a larger driver, led by growth in the reposado and añejo categories as more and more high-quality brands enter the space. Celebrity brands have also helped bring more awareness to the category outside of normal occasions."

Agnes says he has also noticed a shift beyond the demand for cheaper tequilas to mix Margaritas at home. "They are exploring higher-end offerings instead of

just grabbing silver and mixing up Margaritas," he says. I think they're definitely moving toward more of a sipping product than a mixed product."

Chris Ciskey, owner of Yankee Wine & Spirits in Newtown, Connecticut, has also observed a shift to more premium tequilas. "We've seen a really big uptick in premium brands like Clase Azul, the high-end sipping tequilas."

Bourbon Burnout?

Elizabeth Gregg, general manager of Applejack Wine & Spirits in Wheat Ridge, Colorado, has a theory about what's behind the premiumization trend. "I think we're starting to see a little bit of a bourbon burnout," she says. A lot of bourbons are hard to get nowadays, "and you're seeing customers starting to try different things," she notes. "I think they're very surprised when they get to the tequila aisle about how great the flavor profiles are and that some tequilas are coming out that have a tilt toward a bourbon taste."

At the same time, new products have generated additional interest in the category. For instance, in May 2021, Hotaling & Co. launched Severo Tequila. "We are noticing an increase in consumer awareness, attention, and seeking

out agave," says Laura Kanzler, Hotaling's regional sales manager. "They've tried a lot of whiskeys, they've experienced what that is, and now they're looking for other unique experiences."

In September 2021, Proximo Spirits' Maestro Dobel brand launched Pavito, a limited-run Pechuga tequila. The blanco tequila is infused with turkey breast, Mexican seasonal fruits, and spices, which lend sweet and savory notes, says Jaime Salas, Proximo's head of advocacy-agave. Proximo also unveiled one of the first tequila-based hard seltzers, Jose Cuervo Playamar, in spring 2021.

Beyond the 'Rita

Margaritas remain the top cocktail in most markets, but other tequila drinks, craft and classic, are gaining ground. One is ranch water, a simple blend of tequila or mezcal, a squeeze of lime, and Topo Chico or other sparkling water. Its roots are in West Texas, where it's been a favorite of cattle ranchers.

Big Star in Chicago offers its own House Ranch Water made with El Tosoro tequila, Topo Chico (its high-traffic location near Wrigley Field uses a carbonation machine), lime juice, and a dash of orange bitters, with a grapefruit peel expressed on top. Bar director Laurent Schroeder-Lebec says it's been a huge hit with customers. When Big Star started selling its ranch water, bartenders told him, "This is wild. We kind of have a competitor to the Margarita." Schroeder-Lebec says, "You don't get too many moments like that."

At The Whistler in Chicago, the goal is to serve some liquid heat, especially during the winter. Fitting the bill is its popular Raspberry Beret, made with blanco tequila, dry vermouth, egg white, raspberry syrup, lemon, and habenero tincture. "If you put spicy in tequila on a menu, it's going to sell," says Alex Barbatis, head bartender at The Whistler. "People like that comforting flavor profile."

At 50 Eggs Hospitality Group's Chica concept [restaurant] in Aspen, Colorado, tequila cocktails include the signature Chica-Rita, with El Tesoro Blanco tequila, pineapple, lime, agave, and Tiki bitters, and the Palomita, made with Avión Blanco tequila, pink grapefruit, agave, and lime.

Mezcal's Momentum

Mezcal is also climbing in popularity. "We're selling more mezcal than we used to," says Ciskey of Yankee Wine & Spirits.

Whisler's [Margriet and Pilar—Whisler's (no "t") is correct here], a bar in Austin, Texas, includes a smaller speakeasy-style mezcalería upstairs called Tosalá that holds about 20 people. At any given time, the bar has 220 to 250 different varietals of mezcal. They also offer their own mezcal from a partnership with Gusto Histórico. "It's really just a cool thing to be able to have something that nobody else has," says General Manager Matthew Wenger. [He notes that he] is seeing a trend of mixing mezcal into classic cocktails. "It just kind of enhances the flavor of the cocktails—it puts a little twist on them... It's usually like a 2/3 mezcal, 1/3 tequila split, and it kind of cuts down some of that smokiness to balance out cocktails."

With mezcal cocktails, it's important to keep their range of flavors from getting lost, says Grajewski of 50 Eggs Hospitality. "I look to highlight the agave flavor and not the smoke. Everybody assumes mezcal is smoky, and that's not always the case. In fact, I think it's the exception. It has beautiful grassy flavors and wonderful tropical flavors." His Mexican Hot Chocolate at Chica is made with Espadín mezcal, guajillo chili, and toasted marshmallows.

TTT Clarendon, Street Guys Hospitality's Mexican-inspired restaurant in the Arlington, Virginia, area, features a Cidra Sangria made with white wine, mezcal, cider simple syrup, apple cider, and spices. El Jolly is made with mezcal, coffee-infused tequila, vermouth, and orange bitters.

Customers are in the discovery stage, frequently inquiring about the agave flavors in these cocktails, says Can Coskunkal, Street Guys' director of operations. "Then we try to educate them as much as we can about mezcal and sotol."

Sustainability, Supply Chain Concerns

The tequila category has not been without its share of challenges. For one thing, like many other products, it has been experiencing widespread supply chain disruptions during the pandemic, creating

shortages that have become quite acute in different parts of the country. But there are also more existential concerns about the category's ability to keep up with all the demand. Some are worried the rush for profits and industrialization is threatening the way of life for many of the small traditional agave producers.

In 2019 Proximo Spirits announced The Agave Project, an initiative that "spearheads Jose Cuervo's long-term commitment to agave, as well as the people and land of Tequila, Mexico," says Salas. "At Jose Cuervo, we're continuing to identify solutions to create a better, more sustainable future for agave. We've already introduced biodegradable agave-based straws at scale and are excited for what's ahead as we look for new ways to repurpose the agave plant."

Sustainable production remains an important issue for Big Star's Schroeder-Lebec, who welcomes more of this conversation. "I think the name of the game in 2021 and 2022 seems to be a lot more transparency across production," he says.

What Is Light Whiskey?

BY KYLE SWARTZ

Note: This excerpt is printed with permission from the Spring 2022 issue of StateWays—the Beverage Alcohol Merchandising Magazine for Control States.

If you're a hardcore whiskey fan or have perused store picks recently, you may have noticed the uptick in light whiskey offerings. It's not an enormous trend but one worth noticing. And one worth defining. What exactly is light whiskey?

The name can be a tad confusing. "Light whiskey" may have you picturing a spirit on the lower-proof part of the boozy spectrum. However, the exact opposite is true. These are cask-strength spirits on the higher end of ABV.

The "light" in the term does not point to the proof. Rather, it refers to the flavor. This style tends to be on the smoother, easier-drinking side. Not a punch of flavor in the mouth. That's because these whiskeys usually age in used oak barrels or uncharred new casks, limiting the seasoning influence of the wood.

Perhaps most befuddling is that light whiskey is higher in ABV.

Technically it can reach as much as 190 proof, though it rarely touches that level of ethanol octane.

"Is the name confusing, using the term 'light' for a cask-strength offering? Yes, it is—very," says Nolan Smith, owner of Backbone Bourbon, which offers light whiskeys. "It's basically 'corn whiskey' (i.e., high corn percentage in the mash bill; ours is 99 percent corn and 1 percent malted) which traditionally has been an unfavorable term in the whiskey world. I have spent many hours explaining it isn't 'light' but the opposite," Smith adds. "I have gotten used to it. Not sure what a better name would be. Perhaps 'heavy whiskey'?"

The category itself came about in the 1960s. U.S. distillers were innovating to fight back against the rise of imported

whiskeys and vodkas. Sadly, this fight proved unsuccessful for both U.S. whiskey and the category. Subsequent decades were hardly a golden age for American distilling and whiskey experimentation.

Many years later, though, U.S. whiskey is back in the global driver seat. That means substyles like light whiskey can also enjoy their time to shine.

"It's definitely got a cultlike following to it," says Michael Paladini, CEO/founder of Penelope Bourbon, which bottles light whiskey in their portfolio. "I'm not quite sure what it is yet, but people want these light whiskey barrels. There's a dessert-like sweetness to these bottles because their mash bill is so high in corn," he adds. Penelope's latest light whiskey release was 99 percent corn, 13 years old, and 128.4 proof. "Consumers do buy it because they see that it's different, but light whiskey is also good in its own right."

One of those people who want Penelope's light whiskey is Harsha Bethi, Owner of Beverage King in Norwalk, Connecticut. Known for his extensive collection of single barrel store picks, Bethi has bottled light whiskey picks from Penelope. "I think in a day and age where bourbon drinkers are chasing that higher-proof and older juice for an attainable/reasonable price point, American light whiskey is able to do that," he says. "Until the most recent Remus 5, which you found for under \$100, when was the last time you saw 13 to 15-plus-year juice below \$100? Everything nowadays is in the 5 to 8-year range, and it's around \$100. Light whiskey is pretty much checking off all the boxes—price, proof, age, and taste."

Bethi agrees that the sweetness prevalent in the category is also a draw for U.S. drinkers. "When we picked our particular Penelope light whiskey barrel, we tried nine barrels, I believe. Out of the nine barrels, we came across two that had that sweet sugarcane rum sweetness to it," he recalls. "Whereas the other seven barrels had that distinct ethanol nose and palate, our barrel reminded me of the nose of a home garden—blend of mint basil and other homegrown leafy herbaceous greens, And on the palate, it was pure sugarcane sweetness."

Elsewhere in Connecticut, Greens Farms Spirit Shop, a New England mecca for single barrel whiskeys, recently released a store pick light whiskey with Backbone Bourbon. "Light whiskey has a complex flavor that leans toward sweet," says Nick Conti, Greens Farms owner. "It's unique and not readily available. How many light whiskey barrels are even available?"

The style fits well with today's ever-curious whiskey consumer. "People who have never had it before want to try," Conti says. "Consumers are newly educated about what light whiskey is, and they want to try it. People are finally understanding what it is, and they like its ABV, its age."

Resilience and Versatility

BY JAMIE STAFFORD

Note: This excerpt is printed with permission from the Summer 2022 issue of StateWays—the Beverage Alcohol Merchandising Magazine for Control States.

Is gin the new bourbon for North American consumers? Long-time fans of the spirit will be happy as

the craft gin niche continues to rise in popularity. However, some are not convinced of the spirit's staying power. Before we delve into where gin is headed, let's first discuss its historic roots and a little bit about how it's made.

Gin in its classic form came about from English soldiers adapting a Dutch and Belgian liquor called

genever (sometimes spelled jenever). Genever was initially created for medicinal use, using juniper berries in the distilling process. After William of Orange banned the import of French brandy, the popularity of gin exploded. It later became the national drink of England.

While gin experienced extended popularity, it suffered a truly spec-

continued on page 9

tacular fall from grace in Household Penetration since the beginning of the pandemic. According to Nielsen data, the gin category [now] is growing faster in value (plus 22 percent) than rum (plus 14 percent)," says Jaime Keller, Bombay Sapphire Brand Director.

While off-premise hits its stride, on-premise has come back as well. "I am happy to say that sales continue to increase as the on-premise bounces back . . . now with consumers so happy to be back in bars, sales are steadily increasing," reports Vance Henderson, Hendrick's Gin National Ambassador.

Marketing efforts continue to target consumer taste and shift toward premiumization. Craft gin has expanded and solidified its footprint, on-premise and off-premise, balancing innovation with tradition, and RTDs continue to keep pace.

CRAFTING THE FUTURE OF GIN

One craze that's significantly affected the entire alcohol industry is the emergence of craft spirits. Gin is no exception.

While it retains a lot of its popularity through on-premise sales, more and more people are turning to the growing market of craft gin, likely a runoff from the explosion of whiskey, which remains a red-hot sipping spirit. Gin has not typically been thought of as a sipping spirit in itself—it's more likely to be found in a variety of different cocktails. However, brands like Proceria, The Botanist, and Gray Whale give consumers a chance to experience gin neat or on the rocks, much like whiskey.

This isn't the only practice that gin has borrowed from the brown spirit. Aged gin has made a comeback after years of relative obscurity. Bourbon, scotch, and rye barrels are commonly used. Sherry casks are also a popular choice, such as with Four Pillars Gin. Beefeater's Burrough's Reserve Barrel Aged Gin uses French oak wine barrels to impart different flavors.

TRAILBLAZERS AND INNOVATORS

On-premise continues to stay ahead of the curve. Restaurants and bars push the envelope and innovate.

"I believe trends are created, not followed," says Josh Hicks, bar manager and mixologist at Annabelle restaurant in Washington, D.C. "As long as you innovatively and (hopefully) successfully craft a cocktail with tasteful gins and other seasonal ingredients, that is what will blaze the trail." He notes that "the market for modern gins [is] expanding all over the world at a faster rate. This is creating a very diverse inventory of gins, with a lot of different terroirs and flavors to explore. I like modern-style gins that surprise me with depth, complexity, and combinations of flavor. It's not all about juniper—it's about using unique ingredients that subtly canvas your palate. That creates intrigue and deliciousness."

"Gin is such a unique spirit category so, because of this, bars and bartenders can be more innovative with flavor combinations," says Brendan Bartley, head bartender and beverage

"Light whiskey is allowed to have a higher entry proof (140) when it first goes in the barrel compared to bourbon (125)," Smith explains. "My first experience of people loving light whiskey was due to the high proof—often in the upper 130s. People are drawn to high proof because it tends to be very rare. Most of the light whiskey we have sold has been between 13 and 15 years old," he adds. "At this age, it gets very sweet, not complicated but very satisfying."

Like Penelope, Backbone sources whiskey. The company "randomly" bought some older barrels in 2013 for the purpose of blending, Smith recalls. In 2018, Backbone offered some of these casks as single barrels and have received more requests for them ever since.

So what's next for light whiskey? Will its newfound popularity and consumer understanding affect the availability? After all, this is a style on the older side of aging.

"I have been in the business for 11 years and can't imagine not having any light whiskey," says Smith. "It's really hard to find older barrels these days. Prior to 2021, the old stuff was readily available thanks to MGP [a distillery in Lawrenceburg, Indiana], but this has changed. Midway through 2021, the secondary market snapped up all MGP's older stocks of light whiskey," he adds. "I know some producers that bought heavily. Older barrels will be hard to find for another five to seven years."

POPULAR, PROFITABLE LIGHT WHISKEY

Showcase the increasing popularity—and celebrate increasing profits—by helping your customers discover the smooth, satisfying taste of light whiskey. Share some details about how these flavorful spirits are produced, including starting with signature mash bills that are usually high in corn, which tends to make them taste sweeter than traditional whiskey. Also tell them that "light" refers to the taste and

flavor of the spirit, not to its alcohol by volume, and in general, light whiskey is higher-proof than traditional whiskey.

Encourage customers to taste-test several available bottlings to fully appreciate the unique aromas and flavors of each carefully crafted distillation before they use them to mix classic as well as their personal favorite cocktails.

Turn Your Tailgate into a Very Bloody Mary

BY CLARE TAYLOR

It's the renowned "hair of the dog" beverage associated with hangovers, heavy on the vegetable to soothe stomach aches and salt to replenish depleted levels of electrolytes, but it is also the way to start your season of tailgating. Explore the many angles in enjoying a bloody mary.

Some drinkers might consume a bloody mary as a meal, well balanced with vegetables, proteins, and carbs. It is commonly garnished with a celery stalk but other common garnishes include olives, cheese cubes, a dill pickle spear, lemon wedges, dried sausage, bacon, and shrimp. You might find a miniature hamburger speared on top or have the drink served in a bread bowl. Thanksgiving leftovers make delicious but simple garnishes for a bloody mary.

Infusions are a very simple way to level up bloody mary without having to buy too many ingredients. Infuse one sliced jalapeno in a bottle of vodka for a kick or infuse it with bacon for extra savoriness, but plan ahead because some ingredients need a couple of weeks to infuse and pack the full punch of its flavor.

Infused Celery Mary

1½ oz vodka infused with celery and chili
3 oz fresh tomato juice
½ lime juice
½ oz simple syrup
3 dash of worcestershire sauce
4 dash of tabasco sauce
½ tsp salt
½ tsp pepper

Infused Jalapeno Mary

2oz jalapeno infused vodka
4 oz tomato juice
¼ oz lemon juice
¼ oz pickle juice
½ tsp horseradish
3 dash worcestershire

Tequila Mary

2 oz tequila
1 tsp horseradish
1 tsp dijon mustard
3 dashes tabasco
3 dashes worcestershire
¼ oz celery salt
¼ oz lime juice
4-6oz tomato juice

Italian Gin Mary

8 oz vegetable juice
2 oz Dry Gin (can sub with vodka)
oz freshly squeezed lemon juice
3 dash Worcestershire sauce
½ oz of balsamic vinegar
½ oz freshly grated horseradish
Sprig of basil
Sprig of oregano
Sprig of parsley
1 tsp of red chili flakes
1 tsp fresh ground pepper
½ tsp garlic powder

How can I change my Bloody Mary without having to make it too difficult or time consuming?

Flavored vodkas, like lemon, are an easy way to add more flavor.

Add wasabi or sriracha instead of tabasco.

Add clamato juice instead of regular tomato juice.

Substitute tequila, mezcal or a smokey Scotch for vodka.

Add celery salt or smoked salt instead of regular salt.

Make it extra healthy and substitute beet or carrot juice for some of the tomato juice.

Pickle juice is sometimes common in one, but give a little bit of caper juice a try.

Old Bay Seasoning is truly a secret ingredient but smoked paprika is a great substitute.

Buy your favorite bloody mary mix or try one of these recipes below if you want to up your bloody game.

EXCELLENCE from START TO FINISH

From the finest vineyards of Sonoma County to the fields of the Midwest, farmers provide the Ammunition for creating award-winning wines & whiskeys, but the relationship between these two showstopping lineups goes far deeper than that.

Ammunition whiskeys are expertly-distilled and aged to perfection in precisely-charred American oak casks. From there, the whiskeys are artfully blended and finished in toasted French oak barrels that once held Ammunition Sonoma County Pinot Noir (Rye) and Cabernet Sauvignon (Bourbon) for a texture, flavor and finish unlike any other.

LOW-PROOF BUT NOT LOW-BROW

BY CLARE TAYLOR

It is in your Manhattans. It is in your martinis. But sometimes it deserves a glass of its own, not to be shared with anything other than ice. Vermouth. It is a wine, aromatized with botanicals (like coriander and quinine) and fortified with an ageless brandy to make it last longer. But if there is one thing you learn from this article let it be this, KEEP YOUR VERMOUTH IN THE FRIDGE. Otherwise it will start to oxidize and start to smell not as fruity or vibrant, eventually turning into vinegar.

But do not let this deter you from buying this beautiful spirit that can be red or white, sweet or dry and comes in a variety of subtle differences depending

on the botanicals used. Dry red vermouth is hard to come by but sweet red vermouth is very common and will usually have notes of cherries, vanilla and raisins. Sweet white vermouth, look for blanc or bianco on the bottle, is sweeter and will have notes of elderflower and vanilla. A glass of sweet white vermouth on ice is excellently paired with a cheese board. Dry white vermouth is not everyone's cup of tea, but certainly do not go for the cheapest stuff (otherwise you risk a mouth full of italian seasoning). Dry white vermouth is crisp, clean and a wonderful blend of herbs. If you buy a bottle and it is not for you, don't dump it as it is one of the most coveted secret ingredients in a

chef's world. It adds a perfect herb flavor to your dish without you having to buy all the herbs at the store. It can be used in dishes like risotto, pan roasted chicken, or sauteed brussel sprouts.

But we are here for beverages, how can I use vermouth in a cocktail?

Martinis typically call for dry white vermouth. Manhattans and negronis call for sweet red vermouth. Vieux Carre and white negronis need sweet white vermouth.

To experience the real complexities of these vermouths, sip it by itself on ice with a citrus twist. Make it fancy and serve on frozen fruit like grapes or blueberries. Add soda water to

it and this is the ultimate sipping drink. With an alcohol content of around 20%, vermouth and soda keeps the party fun but contained. If you are a first time imbiber to vermouth, try two ounces of sweet red vermouth with soda in a collins glass.

director of Bathtub Gin, a speakeasy bar with locations in New York City and Los Angeles. "With the surge of innovation behind the bar, having a full-flavored clear spirit gives bartenders more to work with."

Distillers have also begun to branch out past the classic juniper-forward gin. Many now experiment with flavored gin, such as Bombay Sapphire's recently released Bombay Bramble, infused with raspberry and blackberry.

Hendrick's has shown experimentation with their Cabinet of Curiosities. "Hendrick's Gin is all about celebrating the peculiar and rewarding curiosity; so we aim to surprise, delight, and instill wonder in everything we do," explains Henderson. The Cabinet of Curiosities is located at the heart of Hendrick's Gin Palace in our Master Distiller, Ms. Gracie's, laboratory, where she is free to let her imagination roam and experiment with all manner of oddities."

BACK TO THE CLASSICS

"It it's not broken, don't fix it," they say, and gin is no different. In the background behind all this innovation, the spirit continues to be a staple of long-time classics such as the gin and tonic, Negroni, and martini. "Gin has always been a requested base spirit to be put into cocktails from the late 19th century," agree Beau Pineda and Steven Dinsmore of BLT Steak D.C.

Timeless cocktails are not to be overlooked. "It's been amazing to see people fly back to the classic-style gin drinks," says Bartley. "It's hard to go past the classic Negroni as a highly requested classic cocktail, but also some more eclectic ones as well, such as Aviations, Southsides, and Bees Knees making a resurgence."

Bars and other on-premise sites continue to put unique twists on familiar favorites. At Bathtub Gin, they offer a gin and tonic menu pairing 10 different gins with tonics and garnishes. "Our guests get to try gins from all around the world using amazing and innovative ingredients and styles," says Bartley.

AT HOME AND ON THE GO

Consumers are continually looking toward ease of consumption for their preferred spirits. The ready-to-drink category has seen sustained growth over the past few years, fueled on by the pandemic. Even as we're now past the lockdowns, the RTD category still shows no sign of slowing. Its growth has affected both on-premise and off-premise, and companies such as Hendrick's have taken notice. "Benefitting from the pandemic's explosion of RTD cocktails, you can see bars starting to batch, bottle, and can their own cocktails for ease of service," says Henderson.

Bombay Sapphire has also taken advantage of RTD's expansion with the launch of their first-ever line of canned cocktails, while Tanqueray entered the action with Crafted Gin Cocktails in a Can.

TAKE ADVANTAGE OF GIN'S RENEWED POPULARITY

Take full advantage of renewed consumer interest in gin, both on-premise and off-premise, by highlighting the wide array of new craft and premium offerings. Encourage your customers to enjoy sipping these unique spirits neat or over ice before using them to mix favorite cocktails. Also highlight the ever-expanding array of conveniently packaged, great-tasting, ready-to-serve gin cocktails and gin-infused mixers to make tailgating and at-home holiday entertaining quick and easy.
